Plaintiff(s),

vs.

AETNA HEALTH, INC., et al.,

Defendant(s).

Case No. 2:15-cv-01457-JCM-NJK

ORDER

(Docket No. 52)

Pending before the Court is a status report in which the parties request a telephonic status conference to discuss “discovery and trial timelines.” Docket No. 52 at 4. The undersigned does not hold generalized status conferences. If the parties have specific concerns that require court intervention, they must file a written request for that relief. Once the specific concerns and relief sought are identified, the Court will determine whether a hearing or status conference should be held. The request for a telephonic status conference is therefore **DENIED**.

IT IS SO ORDERED
